The Ricoh Family Group is pleased to announce the release of the new D074, D075 and M044 color light production MFPs and Printer.

The D074 and D075 are multi-function copiers, and the M044 is a printer. These units are Ricoh's new flagship light production line-up. They feature heavy production-class features, such as, an improved customizable paper library, enhanced TCRU, and a more powerful Fiery Controller. In addition, features found on Ricoh's heavy-production machines, such as enhanced image quality with chemical toner, oil-less fusing, and expanded finishing options, are also available on this series.

### Training Prerequisites

Service professionals seeking certification on the D074/D075/M044 will be required to meet one of the following options:
